These interactive professional development opportunities will explore national, state, and district guidelines for meeting the social, emotional, and educational needs of gifted children in a variety of ways. Best practices in teaching using 21st Century Skills, Growth Mindset, Grit, how to teach culturally responsively, cooperative learning, constructivist teaching, and interactive notebooking techniques will be used throughout the training.

Bring to each session: composition notebook, sharpened colored pencils, scissors, highlighter, glue stick, dry-erase marker, drink, lunch. You will need to purchase or borrow one book that you will read for the class; more details in class.
